in 1967 a baltimore man named howard donahue began investigating the
assassination of president john f kennedy like countless americans donahue was
fascinated by the events in dallas but what separated him from other amateur sleuths
and even the warren commission s experts was a lifetime s experience with guns and
ballistics in mortal error bonar menninger chronicles donahue s twenty five year
investigation of president kennedy s death and the stunning revelation his work
produced in crisp rapid fire prose menninger relates one of the greatest true life
detective stories ever told more importantly he offers solutions to questions that have
haunted america for more than 50 years complete with 15 forensic diagrams photos
and illustrations including images from the crime scene and the president s autopsy

this thoroughly researched exposé delves deeply into every angle of the kennedy assassina tion it examines the infamously controversial warren report various the ories surrounding the shooting and previously undisclosed forensic and ballistic clues to build a case for the clearest most plausible explanation yet about the events of that historic day in dallas

this collection of essays and reviews represents the most significant and comprehensive writing on shakespeare s a comedy of errors miola s edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world in the collection there are five previously unpublished essays the topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in germany and japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements to compliment these new essays the collection features significant scholarship and commentary on the comedy of errors that is published in obscure and difficulty accessible journals newspapers and other sources this collection brings together these essays for the first time

the coaching process is about enhancing performance by providing feedback about the performance to the athlete or team researchers have shown that human observation and memory are not reliable enough to provide accurate and objective information for high performance athletes objective measuring tools are necessary to enable the feedback process these can take the form of video analysis systems post event both biomechanical and computerised notation systems or the use of in event systems essentials of performance analysis in sport 3rd edition is fully revised with updated existing chapters and the addition of 12 new chapters it is a comprehensive and

authoritative guide to this core discipline of contemporary sport science the book offers a full description of the fundamental theory of match and performance analysis using real world illustrative examples and data throughout it also explores the applied contexts in which analysis can have a significant influence on performance to this end the book has been defined by five sections in section 1 the background of performance analysis is explained and section 2 discusses methodologies used in notating sport performance current issues of performance analysis applied research such as chance momentum theory perturbations and dynamic systems are explored in section 3 profiling the essential output skill in performance analysis is examined in depth in section 4 the book s final section offers invaluable applied information on careers available for performance analysts with extended coverage of contemporary issues in performance analysis and contributions from leading performance analysis researchers and practitioners essentials of performance analysis in sport 3rd edition is a complete textbook for any performance analysis course as well as an invaluable reference for sport science or sport coaching students and researchers and any coach analyst or athlete looking to develop their professional insight
